

Distribute Commission to In-house Referring Agents

SUMMARY

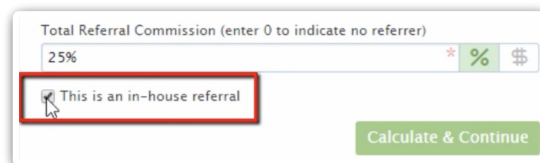

Learn how to distribute commission to an in-house referring agent.

🕒 :43

Use this feature only for transactions where one of your agents is referring a client to another one of your agents. Learn more here: [Track Referral Commissions payable to outside brokerages](#) →

On the Sale Info section:

- 1 Fill in the Total Referral Commission field as a % or dollar amount.
- 2 Check the “This is an in-house referral” box.

Total Referral Commission (enter 0 to indicate no referrer)

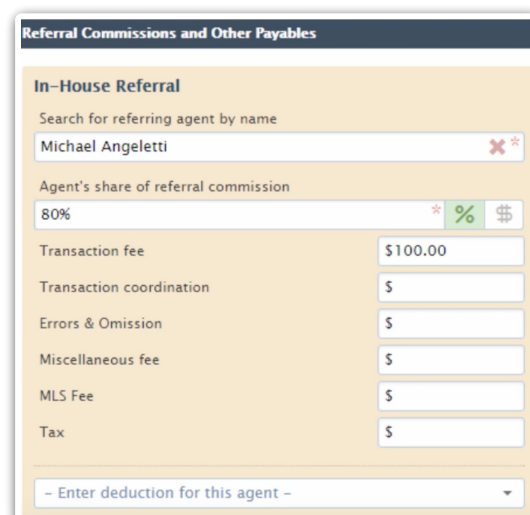

25% * % \$

This is an in-house referral

Calculate & Continue

On the Referral Commissions and Other Payables section:

- 1 Search for the in-house referring agent by typing their name.
- 2 Enter the amount of commission the referring agent should receive as a % or dollar amount.
- 3 Charge any fees and account for any deductions for the referring agent.
